Feature Film 70-80 minutes

Speculative Fiction / Mystery / Thriller

Low budget, minimal dialogue,
non-linear narrative...

BACKGROUND INFO

WHAT IS A LUCID DREAM?

Humans have long tried to understand dreams, to interpret them and find meaning. In a lucid dream the dreamer is aware that they are dreaming, and with practice they may influence events and characters, bend time and control the narrative.

SYNOPSIS

Lucid Dreaming delves into the subconscious and surreal. In the late 1980s join Macy as she distances herself from her corrupt and unscrupulous mother. Macy seeks to come to terms with her trauma through self-reflection and dream journaling, only to discover the ability to lucid dream. Be taken on a journey of discovery, exploring dreams through a unique first-person point of view. Macy finds that lucid dreaming can unlock the potential of the human mind by accelerating learning and developing greater internal awareness. Now in the current day Macy is in her 60s, and is the leader of a mysterious group promoting the power of lucid dreaming. Macy has assembled a collection of dream experts, and is beginning to handpick new recruits to grow her movement and change the world.
